Attached are the minutes from the analytical conference call held

on
10/09/01. Also attached are the revised sample analysis time lines for
PM-8450 and PM-1169. Dates have been revised accordingly based on the
date the method was validated and authorization was given to begin
sample analysis.

Please note that we are currently reviewing the clinical report dates
for PM-8450. The final date that bioanalytical data for PM-8450 will be
available to the CRU is projected to be 01/18/02 (previously projected
to be 12/03/01). I will provide a revised report dates as soon as
possible.

Please contact me if you have any questions or concerns.

Regards,

Jill
